Outrack Nans Outdoor Multi Light Linear Pendant By Bover

Description

Named for Cala Nans, a small cove in the Mediterranean Sea, the Outrack Nans Outdoor Multi Light Pendant channels the nature and relaxed atmosphere of the Spanish coast. The hand-woven shades made of recyclable, non-toxic polyethylene offer handcrafted appeal and durability for outdoor environments. A polycarbonate diffuser inside the shade softens the LED light. The Nans is perfect for bringing warm, refreshing light into a range of residential and commercial settings from patios and cabanas to lounges and restaurants. The pendants are suspended from Bover's innovative Outrack system, which easily allows the pendants to be taken down and stored during the offseason months without disassembling the entire system. A track canopy, remote 24V power supply, and four pendants are included. TRIAC dimmable.

Specifications
