Outrack Nans S/55 Outdoor Multi Light Linear Pendant

By Bover

Description

Reimagine your outdoor space and add an extra layer of depth with the Outrack Nans S/55 Outdoor Multi Light Linear Pendant. A row of hand-woven shades made of recyclable, non-toxic synthetic polyethylene fibers channels the charm of the Mediterranean coast and is well-suited for outdoor use. A polyethylene diffuser under the shade softens the LED light. Bring warm, refreshing light into porches, patios, or hospitality environments and create a relaxing atmosphere with the Nans. Dimmable with a TRIAC dimmer. The pendants are suspended from Bover's innovative Outrack system, which easily allows the pendants to be taken down and stored during the offseason months without disassembling the entire system. A track canopy, remote 24V power supply, and four pendants are included.

Specifications
