Nans Bag Outdoor Portable Lamp

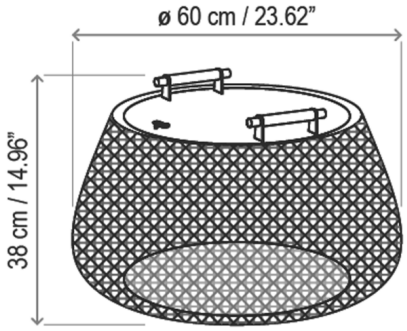

By Bover

Description

The Nans Bag Outdoor Portable Lamp is handwoven from polyethylene fibers in a variety of cheerful colorways that will effortlessly blend into any outdoor setting. The top of the lamp has been covered with an aluminum disc which transforms Nans Bag from a mere lamp into a functional side table for small items. An integrated LED light source provides illumination which casts a dazzling pattern of light and shadow through the open weave. Two buttons on the top of the lamp allow the brightness (100% / 66% / 33%) and color temperature (2200K / 2400K / 2700K) to be easily adjusted to create the perfect ambiance for any occasion, and a built-in rechargeable battery allows the lamp to be placed wherever it is needed most. Includes USB-C charging cable (wall plug is not included).

Shown in brown / red
