## Slide 2-In-1 12V Low Voltage Driver And Dimmer By DALS Lighting

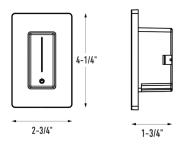

## Description

Replace your 12V driver with the Slide Single Pole 12V dimmer switch with integrated driver to control the brightness of your low voltage lights. Connect this unit to your 120V input current, and all your lights will dim to a nice, soft glow. Input: 120 VAC 1.0 A, 60 Hz. Minimum Load: 5W. Maximum Load: 60W. Fits in a standard electrical box. Works with all dimmable 12V lights. Dimming type: TRIAC. Dimming range: 100% - 10%. NOTE: Does not work with Dals smart lights.
