Chiocciola 11 Floor Lamp

By Lumen Center Italia

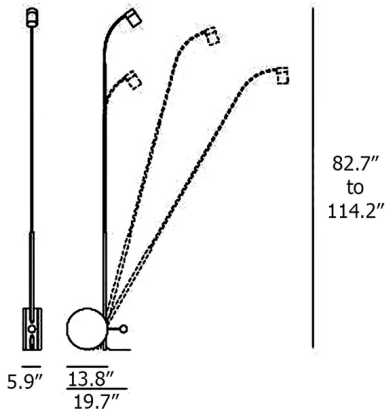

CE

Description

Both decorative and functional, the Chiocciola 11 Floor Lamp will add a stylish contemporary accent to any room while offering an array of versatile features. The lamp's telescoping stem can be raised or lowered to adjust its height and inclined forward to aim the light. A vertical joint on the cylindrical lamp head allows for further adjustability to aim the light for reading or other tasks. Chiocciola is anchored by a circular base in walnut and white marble, contrasting the sleek minimalism of the stem and shade with luxurious materials. Foot dimmer switch located on cord.

Shown in black / white marble
