## Bow I Sphere Pendant

By tossB

### Description

The Bow I Sphere Pendant, designed by David Dolcini, is inspired by one of the basic shapes in architecture, the arch. It's part of our daily life - even if we don't notice it - and it expresses at the same time deepness, strength and equilibrium. Bow tries to translate the essence of the arch into a minimalistic luminaire. Gravity and balance, combined with the arch, are the other ingredients involved in the design of this product. TRIAC dimmable.

Shown in brushed brass / white
