NuuNu Floor Lamp

By Ingo Maurer

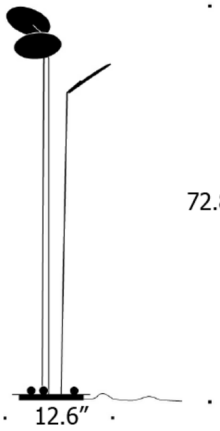

CE

Description

The NuuNu Floor Lamp is a poetic design object that showcases the interplay of light with a trio of reflective golden paper discs. Each disc is supported by a thin stainless steel rod and is illuminated from below by a trio of LEDs within crystal glass spheres on the base of the lamp. The discs can be turned and angled to adjust the reflections and shadows. A dimmer switch on the cord controls the LEDs' brightness, which also warm in color from 3000K to 1800K as they are dimmed.
