Blimp Multi Light Pendant

By Bomma

Description

The Blimp Multi Light Pendant features a grouping of large, ridged crystal shades which appear to float in air with the lightness of a zeppelin. The shades are crafted from crystal glass mouth-blown into a metal mold, an innovative process that is a testament to craftsmanship and ingenuity. Note: Due to the weight of the fixture, additional ceiling support is required. Dimmable with ELV, TRIAC, or 0-10V dimmers. Canopy in white finish.
