Buoy Multi Light Pendant

By Bomma

Description

When creating the Buoy Multi Light Pendant, designer Vaclav Mlynar was inspired by the floating buoys that guide sailors. The mouth-blown crystal spheres and diamonds are intersected by an LED light rod which casts light outward from the pendant. Although it possesses a simple, modern silhouette, Buoy is crafted by skilled artisans using traditional methods to pay homage to Bohemia's rich glassblowing heritage. Note: Due to the weight of the fixture, additional ceiling support is required. Dimmable with ELV, TRIAC, or 0-10V dimmers. Canopy in white finish.
