Kerflights P2 Felt Pendant By Graypants

Description

The Kerflight P2 Felt Pendant takes its name from the word kerf, meaning a small slit or notch, in reference to the narrow openings running along the length of its cylindrical shade. Light is primarily directed downward, while the kerfs cast intriguing patterns of light and shadow onto the walls. The cylindrical shade is made of PET felt, which aids in diffusing and dispersing ambient noise.

Shown in black / charcoal felt
