## Bagdad Portable Table Lamp By Gubi

### Description

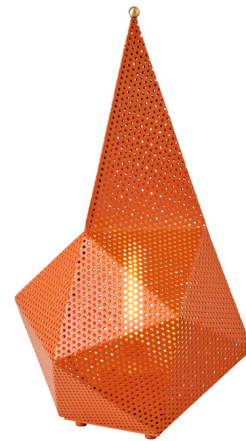

Originally designed in 1954 by Mathieu Mategot, the Bagdad Portable Table Lamp features a unique, geometric silhouette that showcases the designer's affinity for perforated metal as a material. The lamp's faceted body is accented with an elongated, comet-like tail for a bold expression. This updated version of Mategot's original design has been scaled down and features a built-in rechargeable battery to make it easily portable. The touch-activated dimmer provides three brightness levels (100% / 50% / 10%) to create the perfect ambiance in any space. IP44 rated for protection against splashes and low-velocity streams of water.
