## PH Snowball Pendant Anniversary Edition

By Louis Poulsen

### Description

The PH Snowball Pendant Anniversary Edition, designed by Poul Henningsen in 1958, emits comfortable, glare-free, diffused light. Matte painted under surfaces and glossy top surfaces result in an attractive reflection of the diffused light, creating uniform light distribution around the fixture. The Anniversary Edition, created to commemorate Louis Poulsen's 150th anniversary, is available in a special Matte White and Pale Rose colorway, and is engraved with a unique ID number of the 300-piece limited edition run.

Shown in matte white / pale rose
