Tomoshi Portable Table Lamp

By Louis Poulsen

Description

The Tomoshi Table Lamp takes its name from the Japanese word for light, and it serves as an excellent example of how design can shape light. Tomoshi features a clean, minimalist aesthetic with a softly curving silhouette and subtle details. The lamp houses a built-in LED light source and rechargeable battery, allowing it to be placed wherever its light is needed most to create the perfect ambiance. A retractable leather strap at the top of the lamp can be used for carrying or hanging and adds an understated decorative element. Includes USB-C to USB-A charging cord (wall adapter is not included).
