Elias Color-Select Bathroom Vanity Light By Quoizel

Description

The Elias Color-Select Bathroom Vanity Light is the perfect companion to contemporary bathroom design. The linear frame is contrasted beautifully by an etched acrylic shade, brought to life by an integrated LED light source. This fixture also includes a three-way color temperature switch, allowing you to easily customize the brightness of the light to your desired setting. Switch easily from 3000K to 4000K to 5000K. A warmer temperature of 3000K gives you a cozy feel, while a cooler temperature of 5000K is ideal for activities that require more attention to detail. Can be mounted vertically or horizontally.

Shown in matte black
