Menil Chandelier

By Visual Comfort Signature

Description

The Menil Chandelier exudes glamour and elegance, its crystal rods gleaming as LED light shines through them. Chain link hardware and a ridged metal band complement the crystal and add a sense of refinement. A warm ambient glow is cast across your space, creating an inviting atmosphere. Notes: For installing the 34.25 inch chandelier, a 1/4 IPS pipe (not included) must be installed through the junction box and secured to a structural member of the building. The included driver must be installed in the canopy or in a remote location.

Specifications
