Luminora Pendant

By Moooi

Description

The Luminora Pendant blends the contrasting elements of geometric precision with dazzling aesthetics to create a piece that is both minimalist and luxurious. The pendant's spherical form is composed of textured polycarbonate tubes lined with LED light sources, creating a luminous structure with a sculptural presence. The polycarbonate's V-shaped indentations and torsion effect recall the look of Murano glass; however, Luminora eschews baroque ornamentation for a refined, contemporary aesthetic. Dimmable with 0-10V dimmer or the Moooi Wireless Wall Switch, sold separately.
