Cubist Table Lamp

By CTO Lighting

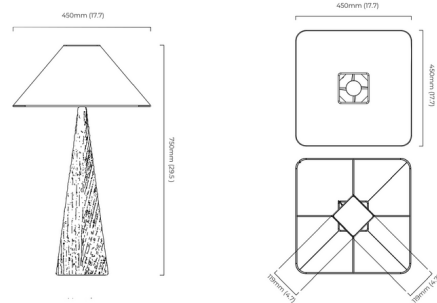

Description

The Cubist Table Lamp is inspired by the early 20th Century design movement that introduced a radical new design direction. The lamp features a pyramidal base in cast bronze with a ridged linear texture for a solid, sculptural expression. A tapered white linen shade echoes the shape of the base and completes the look with a neatly tailored accent. In-line dimmer switch located on cord.

Shown in bronze / white linen

Specifications
