Gavin Accent Table By Currey and Company

Description

The Gavin Accent Table is a nod to the industrial age when traditional design was growing more complex. The entire table is made of cast aluminum, but the middle of the column has a textural surface known as knurling. These hand-finishing marks make this small metal table special, as does the contrast of the middle column to the base and top, which are in a warm antique brass finish.

Shown in antique brass / green
