Pompeii Table Lamp

By Currey & Company

Description

The Pompeii Table Lamp has a surface on its terracotta body that looks as if it could have been aged by the elements. The brownish-gray that swirls around it works in concert with the subtle roughness of the material to bring the tan lamp texture. This is a large lamp, and the trim on the shade is in sync with the hues on the terracotta. 3-way switch on socket.

Shown in terracotta / tan

Specifications
