Clan Mini Tunable Table Lamp

By iGuzzini

Description

The Clan Mini Table Lamp is inspired by that past, the years when Clan, was the protagonist of futuristic and avant-garde design. The space age that began in the 1950s influenced architects and designers, who captured its forms and, at the same time, embarked on an imaginative plunge into the future. That future is now the present: a present where roundness is reassuring and prompts sensations of harmony and positivity. A wireless, rechargeable aluminum table lamp with an autonomy of more than 9 hours. Dimmable light with variable color temperatures (2200K; 2700K; 3000K). Horizontal and vertical light emission to illuminate people's faces and table tops. Pressure zone on/off touch on top, supplied with a charging base and cable with USB port.

Specifications
