## Fris Pro Linear Suspension By Marset

## Description

The Fris Pro Linear Suspension is a sleek, modern fixture composed of a glass tube housing an integrated LED light source with an aluminum parabola. The tube is suspended by a pair of loops, which allows the tube to be rotated to aim the light beam in any direction. The Fris Pro provides superior glare control with its louver and higher luminance than the standard Fris Linear Suspension, making it ideal for commercial settings. Includes black ceiling canopy with 120-277V input / 24V output LED driver. Dimmable with ELV or TRIAC dimmers at 120V, or 0-10V dimmers at 277V.

Shown in bronze / clear

## **Specifications**
