Fris Linear Suspension

By Marset

Description

The Fris Linear Suspension is a sleek, modern fixture composed of a glass tube housing an integrated LED light source with an aluminum parabola. The tube is suspended by a pair of loops, which allows the tube to be rotated to aim the light beam in any direction. While Fris can be used as a standalone fixture with a minimalist expression, it truly shines when multiple fixtures are installed together to create unique architectural installations. Includes black ceiling canopy with 120-277V input / 24V output LED driver. Dimmable with ELV, TRIAC (at 120V), or 0-10V (at 277V) dimmers.

Specifications

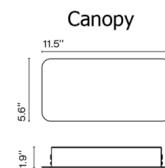

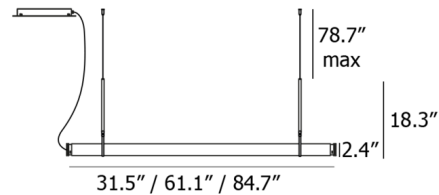

COLOR Clear
BODY FINISH Black
WATTAGE 29.4W
DIMMER Low Voltage Electronic
DIMENSIONS 61.1"L x 2.4"W x 2.4"H
INTEGRATED LED MODULE 1 x LED/29.4W/24V LED
