Onyx Outdoor Wall Light

By Quoizel

Description

The Onyx Outdoor Wall Light adds a touch of contemporary luxury to your home's exterior. The gently curved silhouette is complemented by a unique textured front panel that resembles concrete. This textural detail adds visual interest and dimension to the design, while the integrated LED light source shines brightly through the sides. Flank your front door with a pair of Onyx wall lights - or use as a porch light to create the perfect outdoor setting.

Shown in earth black
