## Arden Wall Sconce

By Quoizel

### Description

The Arden Wall Sconce is a striking blend of modern design and functional versatility. The combination of matte black and gold finishes creates a visually appealing contrast, perfectly highlighting the geometric shape. The metal shades rotate in and out, but they can also be turned to face up and down to provide both ambient and task lighting options. This fixture can be hardwired or installed as a plug-in.

Shown in matte black / gold
