Toru Pendant

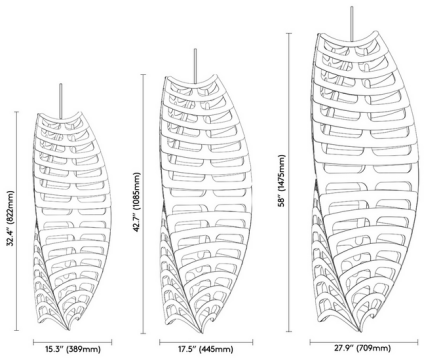

By David Trubridge

Description

The Toru Pendant is inspired by the microscopic organisms known as diatoms, which often form into ribbon and zig-zag shaped colonies. The pendant's three-sided shade is made of plywood bamboo in a twisting, prismatic shape to cast an intriguing pattern of light and shadow across the room. The pendant may be mounted vertically or horizontally, allowing it to effortlessly fit into a variety of decor styles.

Shown in white / bamboo exterior / red interior
