Lorette Oval Dining Table

By Fermob

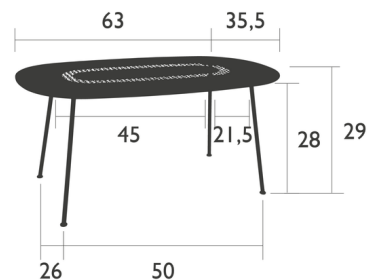

Description

The Lorette Oval Table, with a generous rounded shape is ideal when space is at a premium. It can seat 6 guests who can enjoy a festive meal while being able to see and talk to each one another. While its main original feature is its shape, the Lorette oval table also stands out with its perforated top. The perforations, which are a highlight of this collection, give the table an incredibly chic stylish look. The lattice work pattern can still be seen even when the table is laid, like a table runner. The straight feet do not get in the way of guests' legs. They are flared slanted to stand firmly on the grass, and the use of steel means that this beautiful piece of furniture will stand the test of time. Steel frame, Perforated, laser-cut steel sheet table top, Steel tube base. Not recommended for use near salt air conditions and chlorinated pools.

Shown in tonka brown

55 lb
