B-Table Dining Table

By Gubi

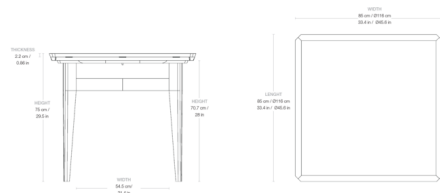

Description

The B-Table Dining Table features a unique and functional design that allows the table to easily switch between a round and circular tabletop. The tabletop is square when the extension leaves are folded down, and round when the leaves are folded outwards. Magnetic locks secure the leaves in place, allowing the table to be easily extended by one person with a simple gesture. The B-Table's wooden construction and refined silhouette will complement a wide variety of decor styles.

Shown in american walnut
