Gravity Upcycled Marble Table Lamp By Gubi

Description

The Gravity Upcycled Marble Table Lamp offers a clean, elegant look that takes its name from its distinctive balance between the anchoring of the heavy, cylindrical base and the lightweight, airy drum shade, that beautifully merge into a sculptural whole. This version of the lamp is crafted using leftover marble from the production process of the standard Gravity Table Lamp. The marble has been arranged in striped layers, creating an interesting contrast between the stripes' orderly rows and the random organic lines of the marble veining. Features Grey and White marble. Dimmer switch located on body of lamp.
