Flight Pendant By Hubbardton Forge

Description

The Flight Pendant is inspired by a kettle of hawks, soaring across your room. The cascade of stems hold ombre borosilicate glass tubes, hugged by a curved reflector, casting warm shadows of light across your room. Adjust the pendants to create your own unique look. Choose a Finish for the fixture and the canopy faceplate, and a Color for the curved reflector. The upper canopy can will always be black. Limited Warranty when installed in residential setting. Handmade to order by skilled artisans in Vermont, USA.
