Cairn Linear Pendant

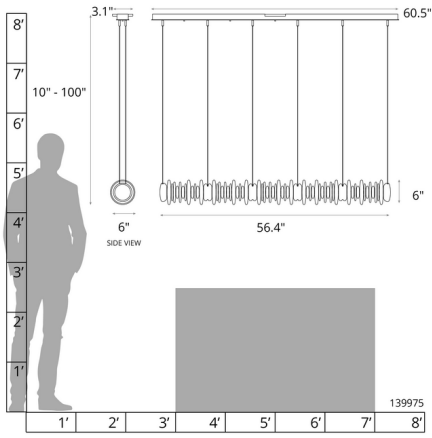

By Hubbardton Forge

Description

The Cairn Linear Pendant pays homage to enigmatic stone sculptures used in ancient times as landmarks. Thick, hand-poured glass and cast steel stones are artistically nestled horizontally and suspended by thin cables. Light flows over the steel and through the glass to seemingly glow from the inside.Choose a finish for the decorative steel stones and the canopy faceplate. The upper canopy will always be finished in black. Dimmable with Triac, Low Voltage Electronic, or 0-10V dimmers. Lifetime Limited Warranty when installed in residential setting. Handmade to order by skilled artisans in Vermont, USA.

Shown in oil rubbed bronze / clear
