Two Layer Pendant

By Muuto

Description

The Two Layer Pendant offers a fresh perspective on classic dome-shaped pendants with its rippled clear glass exterior surrounding an inner frosted glass and punched steel mesh diffuser. This refined design provides unique optical effects as the pendant is viewed from different angles, making Two Layer as much a self-illuminating sculptural as it is a light fixture. The pendant is perfectly suited for use above a counter or dining table to provide pleasant illumination with minimal glare.

Shown in grey
