Febo Pendant

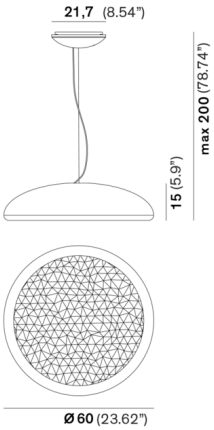

By Rotaliana by Luminart

Description

The Febo Pendant features a two-layered dome shade with a smooth outer surface and a textured inner surface. The diamond-shaped grooves of the inner surface reflect light from the hidden LED light source located around the rim of the shade to create a fascinating refractive effect with reduced glare. Febo's inner texture is inspired by Arabian architecture and the geometric artwork of MC Escher for a unique, timeless look.

Shown in matte white / matte white

Specifications
