Squiggle Linear Pendant

By Rotaliana by Luminart

Description

Inspired by Lucio Fontana's neon structure created for the 9th Triennale of Milan, the Squiggle Linear Pendant traces a line of light for a bold and graphic expression. The exterior of the lamp is covered with a geometric pattern of irregular hexagons, creating a unique visual texture to add interest to the minimalist linear shape. Two spherical counterweights attach to the pendant's suspension cables and dangle from the ceiling, providing a decorative accent.

Shown in gold

Specifications

COLOR	N/A
BODY FINISH	Gold
