## Squiggle Balance Linear Pendant

By Rotaliana by Luminart

### Description

Inspired by Lucio Fontana's neon structure created for the 9th Triennale of Milan, the Squiggle Balance Linear Pendant traces a line of light for a bold and graphic expression. The exterior of the lamp is covered with a geometric pattern of irregular hexagons, creating a unique visual texture to add interest to the minimalist linear shape. Two horizontal pendants are suspended parallel to each other, creating a uniquely balanced look.
