## Squiggle Vertical Plug-In Pendant

By Rotaliana by Luminart

### Description

Inspired by Lucio Fontana's neon structure created for the 9th Triennale of Milan, the Squiggle Vertical Plug-In Pendant traces a line of light for a bold and graphic expression. The exterior of the lamp is covered with a geometric pattern of irregular hexagons, creating a unique visual texture to add interest to the minimalist linear shape. The power cord emerges from the bottom of the lamp and includes a foot dimmer switch.

### Specifications
