Venere Wall / Ceiling Light

By Rotaliana by Luminart

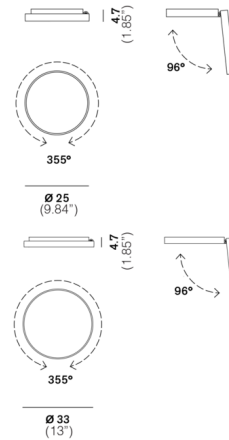

Description

Despite its simple, minimalist look, the Venere Wall / Ceiling Light is a versatile and functional addition to any interior. Venere features a round LED panel beneath a polycarbonate diffuser attached to the canopy with a hinge. The light can be angled up to 96 degrees and rotated in all directions to aim the light, or laid flat against the wall or ceiling to provide general, ambient illumination.

Shown in royal gold
