Sol Pendant

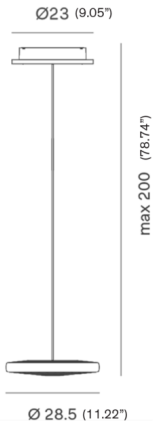

By Rotaliana by Luminart

Description

The Sol Pendant features a rounded disc enclosing a pair of LED light sources supported by a sleek vertical stem. The LEDs direct light both downward and upward (1980 lumens down / 5900 up) to provide both direct task lighting and indirect ambient lighting. A grid reflector within the disc reduces glare and aids in light distribution. Sol's excellent lighting performance and sleek, minimalist aesthetic are suitable for a wide range of applications.

Shown in matte white / matte white reflector
