Kylo Semi Flush Ceiling Light

By Troy Lighting

DAMP

Description

The multi-layered construction and complex weave of the Kylo Semi Flush Ceiling Light make this fixture a striking conversation piece. Creating an overlapping of pattern and form, a large rattan dome shade is layered over a smaller conical shade. The confluence of the see-through weave patterns creates a mosaic of light on the walls, while small rattan ties at the bottom finish Kylo with a rustic, natural edge.NOTE: Due to the one-of-a-kind nature of the medium, exact colors and patterns may vary slightly from the image shown.

Shown in patina brass / natural

Specifications
