Rhu Table Lamp

By Troy Lighting

Description

Referencing ancient stone relics slowly shaped by nature over time, the Rhu Table Lamp is simultaneously rough and sophisticated. The sand-cast metal possesses a stone-like appearance with a light-reflecting texture. Creating an unexpected focal point, a perfectly concentric cut-out highlights negative space within the voluptuous form. A shade made from knotted jute completes the composition with a note of earthy lightness. On/off switch on socket.
