Rebecca Table Lamp

By Troy Lighting

Description

Embodying the principles of wabi-sabi, the Rebecca Table Lamp features an asymmetrical form. The irregular, organic shape of the ceramic base features one shoulder rising higher than the other, creating a gentle slope to one side. On/off switch on cord. Note: The Rebecca Table Lamp is French wired with the cord exiting the stem of the lamp instead of the base. NOTE: Due to the one-of-a-kind nature of the medium, exact colors and patterns may vary slightly from the image shown.

Shown in sand / white linen
