Gareth Outdoor Portable Table Lamp

By Troy Lighting

Description

Elongated silhouettes and a mixed-finish combination gives these lanterns a contemporary update. While the Gareth Outdoor Portable Table Lamp is equipped with a single chunky pillar candle for a timeless look, the light source is actually a lightweight aluminum puck with LED technology housed the bottom of the glass cylinders. This portable lamp is rechargeable and includes a convenient handle for easy transport. Battery life 12-15 hours. Full range dimmer on fixture.

Shown in black / patina brass / clear
