Baku Chandelier

By Visual Comfort Modern

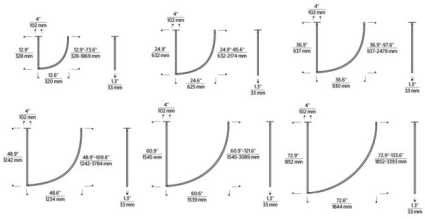

DAMP

Description

The Baku Chandelier brings a minimalist, sculptural beauty to your interior space. The thin, arched forms are designed to be installed individually or as multiples in your own unique configuration. Light emits from the inner portion on the arched arm. Each fixture ships with Visual Comfort's patented junction box with adjustable height for unique installations. Not compatible with standard 4 inch octagonal junction boxes. See installation instructions for further details. Professional, mud-in installation required.Note: Includes a 4 inch diameter canopy (power feed), not shown in photos, shown on line drawings. There is only one junction box per chandelier. The additional side is for support. Power feed is on the vertical arm, the curved arm has a simple mounting bracket to attach to the ceiling.

Shown in nightshade black
