## Trefoil Folding Wall Table

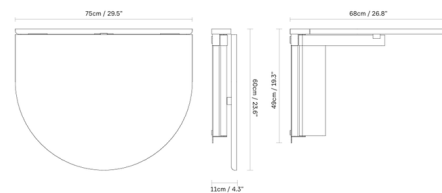

By Form & Refine

### Description

The Folding Wall Table is a small oval wall table with a clever folding option for a tight space. The long slender oak frame and the solid oak supports hold the wooden wall table in place, creating an apparent contradiction of lightness and substantiality. The supports rest against the wall, adding to the floating expression and making it possible to sit around the table in comfort with much more leg room for everyone. The folding mechanism is well-designed and easy to operate for everyday use.

Shown in natural oak

### Specifications
