Reverse Portable Table Lamp By Audo Copenhagen

Description

The Reverse Portable Table Lamp offers a striking blend of raw materials and refined craftsmanship. The aluminum dome shade presents a clean-lined, geometric aesthetic, which is contrasted by the natural texture of the travertine base. The lamp houses a rechargeable battery and built-in 3-step dimmer switch, allowing it to be placed wherever its light is needed most. Includes USB charging cord. Dimmer switch (100/50/25%) located on top of lampshade. Note: The Reverse Portable Lamp is compatible with the Audo Copenhagen Portable Lamp Charging Board. However, not all charging ports may be used at once due to the size of the shade.
