Fanalet Outdoor Post Light

By Bover

Description

The Fanalet Outdoor Post Light offers a blend of functionality and aesthetics that will complement a wide variety of spaces. Fanalet's wide, tapered shade is inspired by outdoor lanterns commonly seen in industrial environments. The fixture houses two light sources: a direct downlight and an indirect light source which shines upward into the shade and reflects outward. Each light source can be turned on/off and dimmed independently, allowing for a variety of applications to perfectly suit the space.Note: The lamp head is IP-65 rated, and the rest of the fixture is IP-44 rated for protection against water splashes and dust.
