Luxembourg Steel Low Armchair Set of 2
### By Fermob

Description

The Luxembourg Low Armchair is one of the foundational pieces for this classic Fermob collection. Named after the famous Luxembourg Gardens in Paris, this collection was born of a collaboration between Fermob's CEO, Bernard Reybier, and prolific French designer, Frederic Sofia. Reybier commissioned Sofia to reimagine and redesign the classic SENAT chairs that populated the beautiful Luxembourg Gardens, and in turn, Sofia set out to study every inch of the original chairs so he could reinvent a more modern, comfortable chair that invited the gardens' guests to sit and better enjoy the expansive space. This particular piece embodies the Parisian invitation to simply relax and take in the beauty of the of all that outdoor spaces have to offer. Steel tube frame, Curved steel slats seat, Curved steel slats backrest, Steel slats armrests, Silence pads, Stacking : x 4 (Height - stacked : 35,5 in.)
