Studie Armchair Set of 2

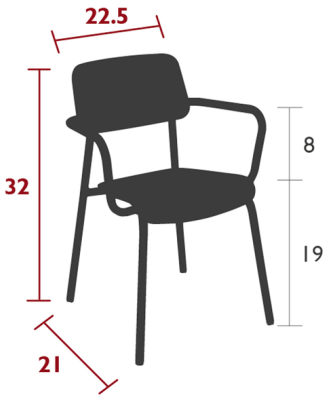

By Fermob

Description

Made from 100% aluminum, Studie boasts a lightweight, hard-wearing frame that can withstand any conditions, even by the sea. The curved seats are exceptionally comfortable, hugging the curves of the body. They're equipped with silencing pads (patented by Fermob) that absorb noise when they move, making them easy to live with. And the stacking design means storing them away is child's play. With Studie's fun, uncomplicated design, the possibilities really are endless... The collection looks great alongside the majority of Fermob tables, but is equally at home indoors in a kitchen or dining room.Tubular aluminum frame, Curved aluminum sheet seat, Curved aluminum sheet backrest, Tubular aluminum armrest, Silencing foot protectors

Shown in candied orange
