Pumo Table Lamp

By Kartell

Description

The Pumo Table Lamp takes its name from the pumo, a ceramic ornament used as a symbol of prosperity and good luck in Italy's Puglia region. The dome-shaped shade is made of recycled technopolymer with a scalloped texture to create dazzling refractions of light from the integrated LED light source. A slim stem adds a contemporary touch to the design, merging modern sensibilities with tradition. Dimmer button located on base.
