Josephine Chandelier

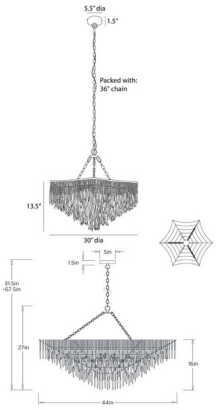

By Arteriors Home

Description

The Josephine Large Chandelier combines mother-of-pearl, wooden beads, and coconut shells in a cascading composition rich with texture and natural beauty. When illuminated, these layered elements capture and diffuse light, creating a soft, radiant glow that brings movement and warmth to the space. Suspended from antique brass-plated iron chains, its sculptural silhouette makes a striking statement in living rooms, bedrooms, or entryways. Versatile in design, it can also be installed as a semi-flush mount for a more tailored overhead presence.
