Fragment Linear Pendant

By Bomma

Description

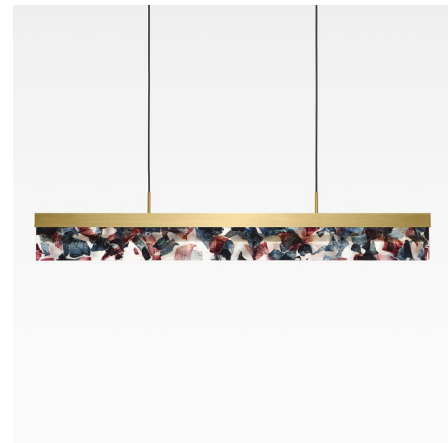

The Fragment Linear Pendant is crafted from a material called Fragmentglass, composed of glass shards which have been melted down in a mold and meticulously hand-cut into rectangles. The shards come from glass pieces that have been rejected by Bomma's rigorous quality control as a way to reuse the wasted material. While imperfections from bubbles or trace elements such as iron are undesirable in some pieces, the Fragments Pendant intentionally showcases their unique variations as a dazzling visual texture. While the ratios of colored glass are carefully controlled, each pendant takes on a one-of-a-kind look due to the unpredictability of the melting process. Fragment is outfitted with a tunable white LED strip, which can be set to warm, relaxing 1850K color temperature to 4000K cool white for concentration and alertness. Note: The ceiling canopy (3.5 inches wide) is too narrow to cover a standard 4 inch US junction box. A smaller j-box such as 2x3 inch is required. Requires additional ceiling support for fixtures weighing over 50 pounds.

Specifications

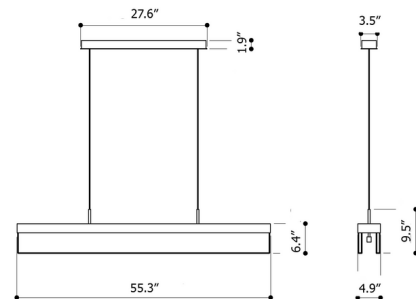

COLOR Black Fragmentglass
BODY FINISH Brushed Gold
WATTAGE 96W
DIMMER Standard 120V
DIMENSIONS 55.3"L x 4.9"W x 6.4"H
INTEGRATED LED MODULE 1 x LED/48W/120V LED
INTEGRATED LED MODULE 2 x LED/24W/120V LED

Technical Information

COLOR RENDERING 93 CRI
LAMP COLOR 2000K-4000K Tunable White
LUMENS/WATT 50.00
LUMINOUS FLUX 2400 lumens

Shown in brushed gold / black fragmentglass
